## Ian Cubitt's Classic Home Improvements

is widely recognised as one of Sydney's leading home improvement companies thanks to its innovative and customer-focused operation.

### We make it **easy** for you

After a full appreciation of your requirements, an individual design is created to harmonise with your existing architectural style, suit your lifestyle and add value to your home.

### Giving Aussie homes that **distinctive** and **durable** appeal

Scyon™ Linea™ cladding is ideal for authentically replicating, re-cladding and renovating older style homes. With a smart, distinctive look of deep horizontal shadow lines, Scyon™ Linea cladding is made from the revolutionary Scyon™ building composite material by James Hardie, and carries a 25 year product warranty.

Scyon™ Linea cladding is extraordinarily durable and resistant to fire and damage from moisture, rotting, termites and impact when installed and maintained correctly.
